CAPTURING LIFE STORIES

"Capturing life stories fosters family connections
and provides a serene space for authentic storytelling."

Reflecting on my ancestors, I wish I knew more about
their lives. Encouraging more people to share their stories
ensures future generations won't have to wonder."

Specialising in cherished life stories, For Keepsake understands the importance of capturing and securing precious stories for the next generation and beyond.

A priceless investment for peace of mind, take a stroll down memory lane as we honour the past, capture the present and preserve your life story in a tangible recording that can be enjoyed for years to come.

Why choose to reminisce and secure your life story?

- + Re-live core memories and milestones
- + Preserve family history
- + Share your story in your own words to ensure accuracy and authenticity
- + Peace of mind that your memories are protected
- + Strengthen personal identity
- + Improved mental and physical wellness

MEMORY LANE

Each individual is provided with a For Keepsake Timeline and Questionnaire, enabling the storyteller to reminisce and pen down their defining moments.

This customisation ensures tailored interview questions for the recording day and efficient time management for filming significant moments.

Once the timeline and questionnaire are complete, we'll schedule the initial face-to-face chat.

The background features two large, soft-edged, pink abstract shapes. One shape is on the left, partially behind the title, and the other is on the right, extending towards the bottom right corner. The overall aesthetic is clean and modern.

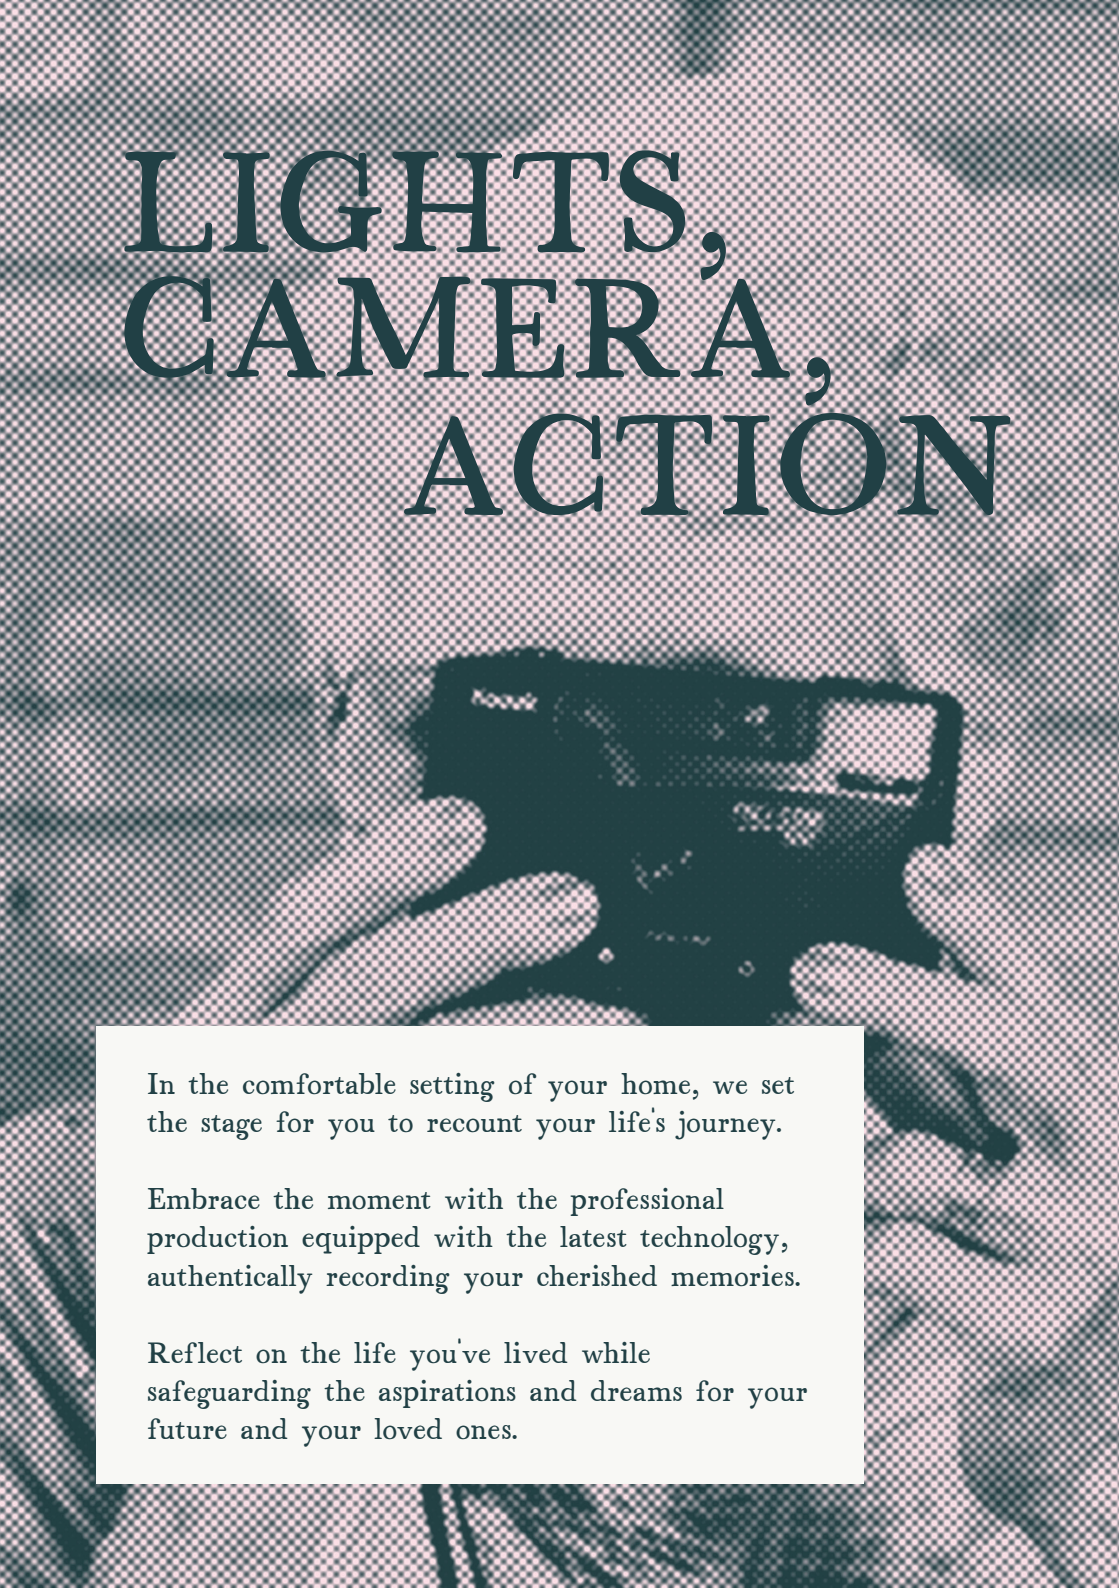

LET'S CHAT

We delve into the highlights from your For Keepsake Timeline and Questionnaire, laying the groundwork for your narrative.

Together we carefully select featured photos from your collection to complement your life story.

The filming of your life story is scheduled to align with your availability, ensuring a seamless, convenient and enjoyable experience.

LIGHTS, CAMERA, ACTION

In the comfortable setting of your home, we set the stage for you to recount your life's journey.

Embrace the moment with the professional production equipped with the latest technology, authentically recording your cherished memories.

Reflect on the life you've lived while safeguarding the aspirations and dreams for your future and your loved ones.

THIS LIFE OF MINE

Your life story, recounted in your own words, has now transitioned to the editing studio for its final stage.

Your unique For Keepsake box will be hand-delivered, offering convenient access to your treasured memories in a modern and elegant format.

Rest assured that your life's memories are secure, ready to be shared and enjoyed with your loved ones.
